

BOROCHEM

boron building blocks for chemists

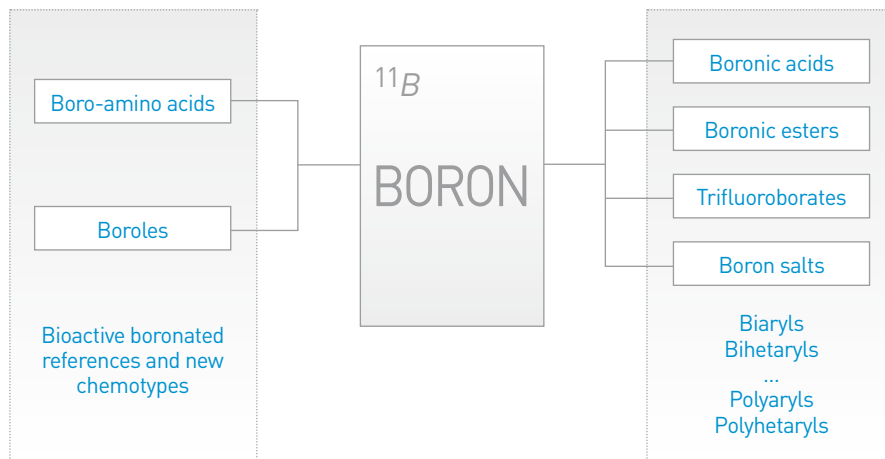

BOROCHEM: YOUR PARTNER FOR ORIGINAL BORON-BASED SYNTHETIC INTERMEDIATES AND MULTI-STEP CUSTOM SYNTHESSES

AT BOROCHEM WE VALUE QUALITY AND INNOVATION ;
OUR EXPERTISE IN THE FIELD OF **BORON AND HETEROCYCLIC CHEMISTRY**
ENABLES US TO PROVIDE BEST IN PRACTICE **CHEMICAL INTERMEDIATES**.

OUR OFFER

- A **catalogue of almost 600** original and novel **organoboron building blocks and fine chemicals**
- The custom synthesis of **organic molecules** not on catalogue

CORE PRODUCTS

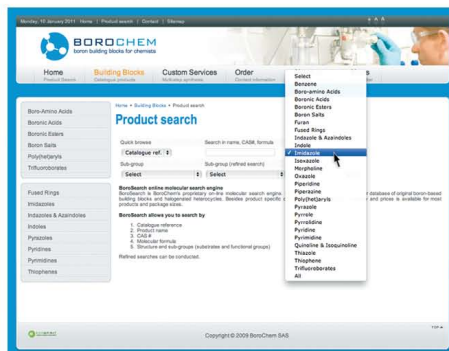

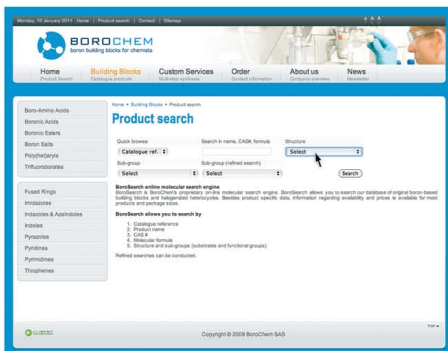

WHY CHOOSE BOROCHEM?

- We give access to **rare and exclusive** compounds
- We provide chemical synthesis intermediates of **excellent quality**
- We offer **difficult to synthesize** boron-based building blocks not available elsewhere
- **No standardized package sizes**; the great majority of compounds can be delivered in **any desired lab-quantities**
- We dynamically introduce **novelties** issued from the cutting edge academic laboratories
- We have significant **expertise in boron chemistry** serving your custom requirements

BOROSEARCH

Use our **online molecular search engine** at www.borochem.fr

PRODUCT LINES

- **BoroClassics:** Boronated reference standards used for R&D purposes
- **BoroMimics:** Confidential offer of boronated analogues of existing bioactive molecules
- **BoroEthics:** Brand new organoboronated chemotypes as innovative bioactive leads

CHEMISTRY SERVICES

- **B4-Cycles:** New scaffolds from unexploited Suzuki partners
- **Semi-custom synthesis** of molecules derived from existing catalogue compounds
- **Multi-step custom synthesis** of organic molecules not on catalogue

BoroChem is a privately held company founded in August 2005 by Dr Alexandre Bouillon and headquartered in Caen, France.

Consult our website www.borochem.fr for detailed product information and examples of exclusive organoboron building blocks BoroChem can provide to support your chemistry research.

A **molecular search engine** and the latest version of our **product catalogue** are also available at www.borochem.fr. Please contact us for your particular needs.

To stay up-to-date with product-related news, **subscribe to our newsletter** by sending an email to newsletter@borochem.fr.
